## Membership Application Form

The club is well founded with 40 years history in its own name after being run prior to that under a sister club pennant. Some of the members have moored at Huddlesford for over 55 years. The members have worked hard together to develop the arm, the moorings and the surrounding property into what it is today. We are very proud of this achievement and make no excuses for being very protective of our club. New members are expected to be keen to take part in maintaining the standards already achieved and to assist in the club's future development.

Included within this document is your application form, which you should complete and return to the membership secretary. If your initial application is successful, the membership secretary will arrange a date for you to meet at least two Board members to show you around the clubhouse and moorings. We will then proceed to the clubhouse for a chat and to discuss your future involvement with the club and to answer any questions you may have.

The outcome of the meeting will be shared with the other Board members and you will be notified in writing by the membership secretary of the Board's decision. If your application has been successful you will be offered a probationary membership for at least 12 months. The Board reserves the right to terminate your membership or extend the period of probation as circumstances warrant.

To run Lichfield Cruising Club (LCC) efficiently we collect and process the personal data that you provide on this application form. The General Data Protection Regulations (GDPR) that are effective from 25 May 2018 mean that LCC must declare the lawful bases upon which we rely to use your data. LCC uses five lawful bases.
